But even the bravest explorers are easily distracted by the local wildlife.

Where the cat goes, the human must follow. No matter how itchy the leaves are.

Safiya: Wait for me! That's a thorn bush, you orange cloud!

Panel 4: A Surprise Crown

A new explorer's fashion trend is born from the depths of the greenery.

Safiya: Did I get it? Is the dragon defeated?

Marmalade: Purr. (Translation: You are my new throne.)

Panel 5: Unsteady Balance

Walking becomes a lot harder when your hat has four legs and a mind of its own.

Safiya: Whoa! Easy! I'm not a jungle gym!

Marmalade: Almost... got... it!

Panel 6: Best Friends Forever

Some adventures end in treasure, but the best ones end in a very furry hug.

Safiya: I think we've had enough nature for one day. What do you say, partner?

Marmalade: Meow! (Translation: Definitely time for snacks.)
